SENIOR THESIS

As a requirement for graduation, each Senior prepares a 12-15 page thesis which calls its listeners to action. The thesis is presented to a panel of experts in front of an audience of peers, teachers, and parents. Each student must then respond to questions regarding their thesis. This is preparation for undergraduate and graduate work, providing them necessary skills in research, writing, and forming arguments.

HARKNESS METHOD

The Harkness Table plays a pivotal role in the classrooms of high school students. Students are seated around a large oval table where they engage in class discussions that are more conversational than transactional. Students interact directly with the material and each other, leading to reinforcement of concepts, debate of ideas, and appreciation of differing perspectives.

LIVE OAK HOUSES

The House system in the Logic & Rhetoric Schools is comprised of the Houses of Augustine, Dante, Lewis, and O'Connor: all great Christian thinkers and authors. Not only do these Houses represent an outlet for friendly competition, they also provide opportunities for students of multiple grade levels to interact for their mutual betterment and mentorship. Furthermore, the House system offers opportunity for student leadership and representation from each high school class as well as ample all-school involvement.
