

## **Summer Academic Opportunities for New-to-Live Oak Families**

We are so excited that your family is joining the Live Oak community and can't wait to get to know you and your child(ren). As we head toward summer, we wanted to make you aware of some summer academic opportunities open to incoming Live Oak students:

### **Live Oak Academic Camps**

*Well Ordered Language Grammar Intensive: July 28 - August 1 (Rising 5th - 7th)*

One thing that makes classical schools distinct from many, though not all schools, is the teaching of formal grammar. Since many students enter Live Oak without this background, one of our veteran teachers is offering five intensive (but fun!) days of grammar study designed for incoming 5th, 6th, and 7th grade students to familiarize them with the songs and chants, parts of speech, sentence analysis, and diagramming we teach at Live Oak.

*Mathematicians in Training: July 28 - 31 (Rising 2nd - 4th, rising 5th - 6th, and rising 7th - 9th)*

Think, learn, and discover mathematical patterns and connections this summer! Expand curiosity by finding patterns and beauty in God's creation. Develop confidence by building mathematical strategies for creative problem solving. Accept Challenges by engaging in deep thinking. With offerings for three age groups, this camp will grow your child's mathematical thinking skills in engaging ways.

### **Other Academic Resources**

*Cursive Handwriting Instruction*

Rising 4th - 6th grade students who have not learned cursive or need a refresher can reach out to Lindsay Hunter (lhunter@liveoakclassical.com), veteran Live Oak teacher, for one-on-one or small group cursive instruction.

*Picta Dicta Latin Primer I Homeschool Bundle*

Rising 5th - 6th grade students who want to build their Latin vocabulary and learn some basic Latin grammar before beginning their Latin instruction at Live Oak may purchase this [multimedia self-paced course](#) to work through during the summer.

*Live Oak Summer Tutor List*

Many of our Live Oak teachers (and a few alumni) offer summer tutoring. Check out this list for more information.
